

Cleavers Optical Fiber

FC-6RM-C and FC-6RS Precision Automatic Blade Rotation Cleavers

FC-6RM-C (Shown)

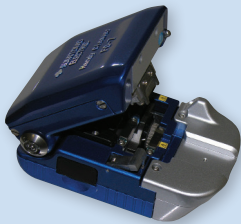

Features

- Industry's 1st and Only 1 to 12-Fiber Ribbon Cleaver with Automatic Blade Rotation
- Ideal Cleaver Design for Mechanical Connectors
- Ideal Cleaver for High Volume Precision Cleaving Applications in Any Environment
- Compatible with All Sumitomo Electric Fusion Splicers
- Precision Blade Features 24 Blade Positions with 2,000 Cleaves per Position
- 48,000 Consecutive Fiber Cleaves Without User Manually Rotating the Blade or Adjusting Height
- Single Fiber, FC-6RS Model Available With or Without Scrap Collector
- User Selectable Blade Rotation Options Include: Automatic Blade Rotation with Each Fiber Cleave, No Rotation, and Single Position Advance
- FC-6RM-C Includes Scrap Collector
- Industry's Standard Table-Top Design
- RoHS Compliant

Part Number Ordering Information

Part Number	Description
FC-SE-AFC-08	Angled Cleaver for APC Connectors
FC-7R	Automatic Blade Rotation Cleaver
FC-6RS	Single Fiber Cleaver, Without Fiber Scrap Catcher
FC-6RS-C	Single Fiber Cleaver, With Fiber Scrap Catcher
FC-6RM-C	FC-6RM-C Single or Ribbon Cleaver, With Fiber Scrap Catcher Connectors and Bulkheads

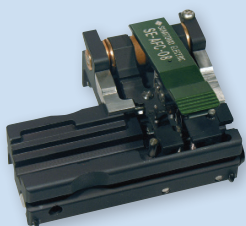

FC-7R Handheld, 1-Step Auto Blade Rotation Cleaver

Features

- FC-7R: Industry's Only 1-Step Optical Fiber Cleaver with Automatic Blade Rotation
- Features Automatic Fiber Scrap Collection
- Works With Sumitomo Fiber Holders
- Manual Blade Rotation Not Required
- Blade Height Adjustment Not Required
- Can Be Used for Single Fiber Cleaving or Up to 8 Count Ribbon
- Ideal Cleaver Design for Mechanical Connectors
- Prevents Double Scoring of Fibers
- Rugged Aluminum Alloy Outer Housing
- RoHS Compliant

FC-SE-AFC-08 One-Step Angled Optical Fiber Cleaver

Features

- Ideal Design for APC Terminations
- Rugged Low Maintenance Construction
- Repeatable 8° Cleaves
- Easy to Use "Stapler" Action
- Built-in Fiber Scrap Collector
- Multi-Position Diamond Blade
- End Face Curved but Nearly Flat Across Core
- Preset 8° Cleave Angle without User Adjustment
- RoHS Compliant
