

Lynx-CustomFit® HDD-LC with Push-Pull Tab Splice-On Connector

Description:

The Lynx-CustomFit HDD-LC Splice-On Connector is the industry's first LC duplex connect with a push-pull tab on a splice-on connector.

Assemble a duplex connector within thirty seconds using SEL's joint clip and tab accessories. The connector can also change polarity in the field.

For more information about the HDD-LC Splice-On Connector, or other related products, visit www.SumitomoElectric.com.

Features

- T-Shape Clip offers a smaller footprint for high-density applications
- Front housing of the connector utilizes a guide hole for smooth push-pull operation
- Compatible with SEL's extensive line of Quantum Fusion Splicers and Accessories
- Polarity Change Capability
- Duplex Assembly in as little as 30 seconds

HDD-LC SOC Ordering Information

Part Number	Description
LYNX2-HDDP2-LCUPCSM-2.0	2 Lynx LCUPCSM-2.0 connectors (Lynx2 SOC, LC UPCSM, 2.0mm), 1 Lynx HDD LC-Duplex clip, 1 push-pull tab – contained in zip-lock pack
LYNX2-HDDP2-LCPCM510-2.0	2 Lynx LCPCM510-2.0 connectors (Lynx2 SOC, LC PC MM50 10GIG, 2.0mm), 1 Lynx HDD LC-Duplex clip, 1 push-pull tab – contained in zip-lock pack
LYNX2-HDD-INSTL	10-pack, Lynx HDD install tool for LC-Duplex clip and push-pull - contained in zip-lock bag
LYNX2-HDD-CLP	10-pack, Lynx HDD LC-Duplex Clip to join two LC HDD connectors – contained in zip-lock bag
LYNX2-HDD-TAB	10-pack, Lynx HDD LC-Duplex push/pull tab LC HDD connectors – contained in zip-lock bag
